GOATHAM IS UPSET

Severe Atlantic Storms Have Delayed the Kronprinz Wilhelm.

THE PRINCE HELD BACK

Germany's Special Representative Did Not Reach Port on the Promised Schedule Time.

Wireless Telegraphy Groping Futilely Across the Angry Waves Seeking a Message.

New York, Feb. 22.—Admiral Prince Henry of Prussia is due in New York today. That he could arrive on schedule time was given up last night. The Kronprinz Wilhelm, to equal her westward record, should have reached Sandy Hook lightship by 7:45 o'clock this morning. Owing to the conditions now prevalent on the Atlantic, her arrival at any hour during today will be surprising. At the offices of

the North German Lloyd company, Manager Schwab, although somewhat upset in his calculations by the delay which the Teutonic experienced—that boat having arrived 24 hours overdue—still expressed the belief that the Kronprinz Wilhelm will arrive in the harbor late this afternoon. Some of his associates are not so hopeful, however.

An all-night vigil was kept up by the wireless operators on the Hohenzollern and the Etruria in the hope of coming into touch with the Kronprinz Wilhelm. On board the Hohen-

zollern all the officers, from Admiral von Baudissin down, sat up the greater part of the night, hopeful that at any moment news might be ticked out from the mysterious instruments in the cabin.

All is in readiness for the prince's reception in this city. The president's delegates, appointed to receive the royal visitor in the name of the nation, arrived last evening from Washington. Those in the party are First Assistant Secretary of State David J. Hill, Brigadier General Henry C. Corbin, Commander W. S. Cowles, Colonel H. T. Bingham, and several aides. The entire German embassy staff also arrived and joined Ambassador von Holleben. The party occupies apartments at the Waldorf-Astoria.

General Corbin says that if the Kronprinz Wilhelm does not arrive in time to dock today the president's committee will carry out its plans for the reception just the same on Sunday. The committee has planned to accompany the prince and suite to the Irving Place theater this evening, to attend him on his rounds Sunday, go with him to Washington Sunday night, return with him to the launching on Tuesday, and remain with him until he sails for home.

On Sunday when Prince Henry visits the tomb of General Grant he will place two wreaths on the tomb, one from the kaiser and the other the prince's own tribute. Both wreaths will be composed of American Beauty roses, lilies and orchids, and will have in the center a crown.

MISS STONE'S CASE

Fears That the Brigands May Have Broken Faith.

Washington, Feb. 22.—It is estimated at the state department that 15 days have now elapsed since the money for Miss Stone's ransom was paid over to the agents of the brigands. At least five days have elapsed beyond the time fixed in the stipulation to place her in the hands of her friends. There is no explanation for the delay. It is hoped that physical conditions, such as heavy snows and adverse weather, may account for the failure to secure her delivery. The officials are loath to believe that there has been a breach of faith on the part of the brigands, but even if this were so, they do not regard themselves as blameworthy for trusting them.

From the first the United States government has been averse to paying ransom, but in response to appeals from every quarter reluctantly authorized Mr. Leishman to deal with the brigands.

THEY STOLE ARMS

Band of Crazy Snake's Braves Make a Raid and Capture Arms.

Muskogee, L. T., Feb. 22.—A band of Crazy Snake's followers yesterday made a raid on Keokuk Falls, O. T., just across the line from the Creek nation, rushed into a hardware store, seized a lot of arms and ammunition, and fled. A posse immediately started in pursuit and captured several of the band after a two hours' running fight. Two of the captured men have been brought to Keokuk Falls. They are George and Peter Huplitta, prominent members of the Chitoo Harjo band. They stated that they were going to get arms and then go to Other Yard Deke Chute's place, 20 miles west of Euraula. Other Yard Deke is a blind interpreter living near the Old Hickory grounds, the council meeting-place of the Snake band. The latest from Wewoka is that the Snakes have dispersed.

New York Weather Troubles.

New York, Feb. 22.—Snow, followed by rain and sleet yesterday, created in this city and vicinity the most disagreeable weather conditions known in many years. During the early hours of the day heavy wet snow fell in huge flakes. This condition prevailed for several hours. Shortly after noon the snow turned into a steady drizzle of rain that continued with intermittent periods of sleet all afternoon and far into the night. During the evening the temperature dropped enough to turn the downpour of rain into a coating of ice on buildings and trees, and traffic was practically tied up in all parts of the city.

Washington Isolated.

Washington, Feb. 22.—A severe sleet storm struck Washington last night and the national capital was absolutely cut off from all telegraphic or telephone communication north of Baltimore and was compelled to depend on uncertain wires to Richmond and Atlanta for reaching the country at large. Aside from damage to wires, however, the storm did no injury, the sleet not being heavy enough to do much harm to trees. The storm came from the south and in traveling north the rain turned into snow and sleet as it struck the colder latitudes.

Eluded the Attendants.

Chicago, Feb. 22.—Eluding the attendants, Emil Krueger, a delirious typhoid-pneumonia patient at the county hospital, escaped from his ward yesterday through a window to the infirmary yard. His bare body exposed to the chill morning air, the fever-crazed man ran to the eight-foot iron fence, scaled it with the dexterity of an athlete, and proceeded half a block before he could be captured. He was returned to the hospital to drop dead at the door of his ward from the effects of exposure.

Congressional.

Washington, Feb. 22.—The house yesterday passed the Indian appropriation bill. The latter part of the session was devoted to the consideration of private claims bills, a number of which were passed. For more than six hours the senate had the Philippine tariff bill under discussion.

A THIRD WARRANT

Banker Andrews At Detroit Finds Himself In Deep Water.

FALSIFIED THE REPORT

The Bank's Condition According to Last Report, It Is Alleged, Was Grossly Misstated.

Andrews Is Now In Jail, the State Banking Commissioner Having Acted.

Detroit, Mich., Feb. 22.—A third warrant was issued yesterday for Frank C. Andrews, vice president of the City Savings bank, which is in the hands of a receiver, on a complaint charging him, together with another officer of the bank, for whom a warrant was also issued, with making a false report on the bank's condition to the state banking commissioner on Feb. 20, 1901. Mr. Andrews was arraigned in the police court late in the afternoon. His counsel asked that he be released on this charge on his personal recognizance, in view of the fact that the bail on the two former complaints against him totals \$25,000 and is ample. Judge Wheelan declined to grant the request and fixed the bail at \$50,000. This was not furnished. Mr. Andrews' examination was set for Feb. 28, the date of his examination on the other two complaints. The complaint made yesterday is very long, covering 65 typewritten pages. The report which the prosecutor alleges in the complaint is falsified in a number of places, was made on Feb. 20, 1901, and was supposed to show the condition of the bank at the close of business Feb. 5, 1901.

The complaint charges that the loans and the discounts in the alleged falsified paper were \$15,000 out of the way. In the matter of overdrafts, the report stated that they amounted to \$198, whereas the books show, according to the complaint, that they amounted to \$198,987. The complaint recites that the report set forth that there was \$80,895 in banks in reserve cities, whereas the true amount was \$236,895. The report stated that there was in other banks, \$36,750, when, the complaint states, there was but \$15,750. The report stated that in exchanges for clearing-house, there was \$97,596, and of checks, cash items, interest and revenue account \$982, when the proper amount for these two items should have been \$32,368. The report gave the amount of currency as \$140,585, when the true amount, according to the complaint, was \$40,062. The amount of gold coin given in the report as held in the bank was \$28,292, while, the complaint declares, the true amount to be \$6,670. The amount of silver was given in the report at \$19,102 instead of \$7,056, the true amount according to the complaint. The amount of commercial deposits recorded in the report was \$745,580, whereas the complaint declares the right figures to have been \$943,287. The report indicated that F. C. Andrews was not liable in any amount to the bank as payer, when he really was liable at that time for \$92,600.

The report also shows that another director of the bank was liable to the bank as payer for \$23,000, whereas the complaint says the true amount should have been \$45,412. F. C. Andrews, as indorser, was reported to be liable for \$37,000, when he should have been liable in this capacity for \$142,208. The report indicated that Andrews was not liable in any amount for overdraft, whereas, the complaint says, his account was overdrawn \$149,133. The complaint charges that these discrepancies were made with the intent of deceiving the bank examiner.

IT IS FINISHED

Final Ratification of Canal Treaty Have Been Accomplished.

Washington, Feb. 22.—Final ratifications of the Hay-Pauncefote treaty, giving England's assent to the construction of a canal across Central America by the United States, were exchanged at the state department at 3 o'clock yesterday afternoon. There was very little ceremony about the exchange of ratifications.

Copies of the treaty had been prepared, precisely similar, except in the fact that the signatures were inverted in one copy, and these were formally exchanged between Lord Pauncefote and Secretary Hay, a protocol being signed, formally attesting to that fact, which will form part of the records.

Lord Pauncefote was in the best of humor over this successful outcome of the labors of himself and Secretary Hay, for he regarded the treaty as the most important convention ever drawn between the United States and Great Britain, and one that will do much to prevent friction in the future between the two peoples.

It has been suggested that with the completion of this work the British government might regard Lord Pauncefote's services as over, but it is learned that this is not the case. Lord Lansdowne, the secretary of foreign affairs, has signified to Lord Pauncefote his desire that he shall remain in Washington for an indefinite period.

INTO THE DITCH

Serious Accident On Lake Shore Road at Oberlin.

Cleveland, Feb. 22.—The Lake Shore accommodation, leaving this city at 3 o'clock yesterday afternoon was wrecked on the outskirts of Oberlin. Louis Bates, the head brakeman on the train, is the only person reported seriously hurt. He jumped through a car window and in falling injured his back. At Oberlin he was removed to a hotel and a physician made an examination of his injuries. Besides the injuries to his back, Bates is unable to move his legs. John Lacey of Norwalk was thrown against a seat and his head cut. Beyond a severe shaking up it is said that no others of the passengers were hurt.

A crankpin on the left front driver broke, loosening the connecting rod which swung with the wheel, demolishing the cab on the fireman's side of the cab. It also broke the connecting rod on the other side. This rod tore the air-brake cylinder off the engine and rendered it useless. The engine and cars left the rails, the cars being piled upright in the ditch. As soon as the passengers realized that the train was off the track they made a rush for the rear doors of the coaches and all got out safely. The track was quickly cleared, allowing other trains free passage. Had the accident occurred a short distance further west the wreck would have been more disastrous because of a steep embankment.

Fatal Hotel Fire.

New York, Feb. 22.—Fire that broke out early this morning in the armory of the 71st regiment N. G. N. Y., at Park avenue, 33rd and 34th streets, spread to the Park Avenue hotel, which was destroyed and at least six lives were lost, while the damage is roughly estimated at over \$1,000,000. The 71st regiment armory, a magnificent granite structure and one of the finest in the city was destroyed.

Fatal Collision.

Newport, Ind., Feb. 22.—An east-bound Clover Leaf freight train ran into the C. & E. I. train standing on the crossing at Cayuga, snow on the track causing the engineer to lose control. A cabinet-maker named Mason, beating his way to Indianapolis, was killed. The tower was demolished and Ed Fitzgerald, towerman, was injured by jumping.

Gas Company Responsible.

Chicago, Feb. 22.—The coroner's jury in the inquest over the victims of the Archer avenue explosion, returned a verdict last night to the effect that the death of the 11 victims was due to an explosion in a gas main. The jury holds the gas company responsible.

In Good Fighting Trim.

Louisville, Feb. 22.—All arrangements for the fight between Terry McGovern and Dave Sullivan tonight before the Southern Athletic club in this city have been completed and reports from the fighters indicate that they are in prime condition for the contest.

A GOOD lecture course should have the support of the people because of the good it does. It is always a delight to hear a great lecturer and that is what Thomas Dixon is. Do you not want to hear the successor of Talmadge at the academy of music in New York City? He will be at the First Baptist church tonight. He is brought here by the alumni lecture course management.

IN 1894 President Roosevelt, then a civil service commissioner, addressed a letter to an organization of which he was the president expressing sentiments that the Youth's Companion republishes in the current issue. The thoughts expressed in that address are worth re-reading and there is no better time to do that than on the anniversary of Washington's birth. President Roosevelt is a sincere American and the people believe in his sincerity. In that address in 1894 he spoke of the duty of the good citizen to his fellow citizens and to the nation. He says patriotism should be to each man more than mere feeling. He must not merely think and talk but he must act, he must work. He is bound in honor to act disinterestedly and uprightly. He is bound to do his full share of the civic work of his community. He must work for the general welfare of the people. He must aim to be a well-rounded man. He must as a good citizen be an American indeed, in spirit, purpose and hope.

THE Indianapolis Sentinel has served notice on the Taggart machine crowd that they could serve the democratic party better by moving away back to the rear and there find seats.

SPECIAL exercises bearing on Washington's birthday were held in different rooms of the city schools yesterday. These special exercises from time to time add interest and life to the school work and good results follow. Both teachers and pupils are benefited.

POLITICAL GOSSIP.
Joe Reilly, formerly of Jennings county but now a resident of Indianapolis, has been appointed secretary of the democratic committee and Thomas Taggart treasurer. Smiling Tom is not to be left out even though he is at French Lick building a hotel. He is always in the habit of being around when the hat is pressed.

Our wilhom newspaper friend, Robert A. Brown, is a candidate for re nomination and election as Clerk of the Supreme Court. He is a worthy and capable man, and has made a good and accomodating officer, and deserves an endorsement by the people. Mr. B. is from Franklin, and has relatives in Switzerland county. Although not a candidate that year, he made an able and effective speech in Rising Sun during the last Presidential campaign. - Rising Sun Recorder.

It is reported that James S. Barcus, of Terre Haute, who was defeated for the nomination for congress in the fifth district will be a candidate for joint senator from Vigo, Park and Vermillion counties.

Hon. Ward H. Watson, of Charlestown, was here today in the interest of a candidacy for attorney-general. Mr. Watson is one of the best known republicans in Southern Indiana and has a host of warm friends who will give him loyal support.

Send us a
Card or Call, and
Our Represent-
ative
Will explain.

The Bank Safe is an oxidized and coppered steel bank with combination lock, and is highly ornamental and convenient. All sizes of coin can be put into it.

The Bank will be loaned to such of our depositors as desire them, or to any person who wishes to have one, and will deposit with us \$1.00. Credit for this sum will be given in a pass book, and the deposit must not be withdrawn until the bank is returned in good order. In consideration of our loaning you a bank, it is understood that you will deposit your savings with us at least once a month.

Money deposited in these Home Savings Banks can only be taken out at our office, where the keys are kept. When brought to us, the Bank is opened and the amount counted in the presence of the owner, and placed to his credit in his pass book.

The deposit of \$1.00 required before loaning the Bank, is for security only. It is entered in your pass book and will be returned to you when the Bank is returned to us in good order.

It's Advantages. You have in your home a bank always open for deposit. You can drop in small amounts you would not take to any bank, thus preventing you from spending them. Money kept loosely near at hand affords a continuous temptation to wastefulness. You cannot shake or get money out, as we hold the key; you consequently do what you ought—bring or send the Bank to us, have its contents counted and placed to your credit, where it will be a continual reminder, urging you to add more to it. Many persons waste in a lifetime enough to make them independent.

For Children. This is one of the best plans ever devised for encouraging economy and frugality in children, as money once placed in the safe cannot be taken out except at our office, and there it must be deposited. At the same time it gives a child valuable business experience, and the first lessons in economy are more easily learned if the savings are for some fixed and definite purpose.

The Greatest Money Saving Sale

Seymour ever had is still going on at the two large clothing stores known as the Famous and Mose the Boss.

This sale has doubled our expectation. Some of the stocks are slightly broken in sizes so if you can spare the money and want to save 25 to 50 per cent do not wait until it is late to get what you want. Ask your neighbors and friends that have made purchases at these great sales whether the goods are cheap or not. All goods must be as represented and as advertised. As I said before you will find the higher and finer grade of goods at The Famous stand and the cheap and medium priced goods at the Mose the Boss stand. Come in and see for yourself whether you want to buy or not. Remember this is no fake sale.

A new proprietor took hold of a rundown hotel in New York and in three weeks made it a paying establishment. This was done chiefly by inserting in several leading newspapers a "catchy" or "fetching" series of advertisements, the matter being changed every day. The new owner's first aim was to attract people to the hotel, and this was done entirely by the newspaper advertisements.

WILL ACCEPT THE CALL.

What a New Albany Paper Says of Rev. W. C. Martin.

The Rev. W. C. Martin, pastor of the Baptist Tabernacle, has accepted a call from the Baptist church at Seymour and will leave for that city next week. Several weeks ago the Rev. Mr. Martin filled the pulpit at Seymour and made such a favorable impression with the congregation that he was urged to accept the pastorate. Some days ago he received a call and after due consideration decided to accept it. He will close his pastorate of the Baptist Tabernacle next Sunday, when he will preach his farewell sermon.

Mr. Martin has been pastor of the church for the past two years, coming to this city from Connecticut. He is a gifted pulpit orator and a deep student of the Bible and since his residence in this city has been one of the leading members of the Ministerial Association. Mr. Martin and his estimable wife have made many friends in and out of the church and they will regret their departure to Seymour.—New Albany Tribune.

Here is a simpler way:—Buy a pound of Chase & Sanborn's Package Tea, hermetically sealed in the original lead form. Try it; it costs only a quarter of a cent a cup. A WORLD WIDE VICTORY.

The recent victories of the house of Baldwin at the Paris Exposition give to its products a value and prestige not possessed by any other American piano. The grand Prix awarded the Baldwin Piano is an honor coveted by all the manufacturers of the world, but which has never been bestowed upon any American piano except the Baldwin. The Silver Medal awarded the Hamilton pianos and organs shows the estimate of the International Jury of these Standard Instruments. The fifteen other awards [gold, silver and bronze medals, and honorable mentions], serve to emphasize the Great one, and show the high value placed upon the details of construction and the inventions embodied in these instruments.

Kodol

Digests what you Eat

Dyspepsia Cure

If you have indigestion don't resort to stimulants to force your stomach beyond its strength. It is only because it is weak and tired that it fails to perform its task. A stimulant may lend false strength for a time but the very violence of the effort the abused organ will make weakens it more than ever. With the reaction following the use of the stimulant will consequently come keener suffering than before. Nor will the stomach respond so readily to the next treatment of a similar character. With each repetition conditions will be worse than before. What the stomach wants is rest. Kodol Dyspepsia Cure will furnish such a rest. It digests what you eat. All other preparations lack one or more of the natural digestants. Consequently they can't effect a complete cure. Kodol Dyspepsia Cure contains them all. It acts just as the stomach acts. While it does the stomach's work the stomach is at rest. It is used to suffer from indigestion that even a soda cracker or glass of water would cause agony," says H. L. Wharton, New Bern, N. C. "I commenced using Kodol Dyspepsia Cure and it soon cured me." Weak and sickly children thrive on it.

Why Iron Boxes are Required.

The laws protecting United States letter boxes from depredations were enacted before the Rural Free Delivery was established. All the letter boxes then known or in existence were iron boxes. The statutes, therefore, apply more precisely and rigorously to iron than to wooden boxes. In a recent letter of instruction in relation to rural letter boxes the General Superintendent of the Rural Free Delivery service says: "The orders of the Postmaster General are imperative that, before Rural Service can be started each route must be equipped with boxes which will be under the protection of the United States Statutes."

Indiana's High rank.

Indiana is geographically the smallest of western States and ranks but 34th among the 45 States of the Union in size. Yet it stands sixth in population, fifth in manufacture, eighth in value of farm products, sixth in corn, fifth in wheat, ninth in oats, sixth in production of petroleum, second in production of natural gas, seventh in the output of building stone, and sixth in value of clay products.

HAND IN HAND.

Sleeplessness, Nervousness, Indigestion, the Bane of the Present Day. Seymour People Know the Remedy.

There is a condition that a great many people get into these days—not sick abed—able to be around but never feeling well—weak and the least exertion tucks them out—as months go on they become weaker until resistance to disease is practically overcome. It was directly for this class that Dr. A. W. Chase's Nerve Pills were formulated. They provide the lacking element that is wanted to remove the trouble, nerve force.

Mr. J. Blair, of No. 114 North Lynn St., Seymour, Ind., says: "For some time I have been a victim of severe nervousness, sleeplessness and indigestion. I heard Dr. A. W. Chase's Nerve Pills sell spoken of and thought I would try them. I got a box of the pills at A. J. Pellens' drug store and after using one box of the medicine I can say that the results were very satisfactory and I think with further use I would get permanent results. I think these pills grand tonic."

Dr. A. W. Chase's Nerve Pills are sold at 50c. a box at DeWitt's or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature A. W. Chase, M. D. are on every package.

PAUL LAURENCE DUNBAR'S name appears twice in the contents of the March LIPPINCOTT'S MAGAZINE. He contributes a poem, "Differences," and a story, called "The Finding of Martha," of negro life in the South, his best field. This is a sequel to the earlier tale called "The Strength of Gideon," which was pronounced to be his finest short-story.

Something That Will Do You Good.

We know of no other medicine we can be of more service to our readers than to tell them of something that will be of real good to them. For this reason we want to acquaint them with what we consider one of the very best remedies on the market for coughs, colds, and that alarming complaint Croup. We refer to Chamberlain's Cough Remedy. We have used it with such good results in our family so long that it has become a household necessity. By its prompt use a haven any doubt but that it has time and again prevented croup. The testimony is given upon our own experience, and we suggest that our readers, especially those who have small children, always keep it in their homes as a safeguard against croup.—Camden, S. C. Messenger. For sale by C. W. Milhous.

Judge New may get it.

It is understood through Pennsylvania officials here that Judge Willard New, of North Vernon, will succeed the late Col. Simeon Stansifer as solicitor of the Pennsylvania's Tenth district. This important place has been offered him but as yet he has made no official acceptance—Columbus Republican.

Mr Wheeler Got Rid of His Rheumatism

"During the winter of 1898 I was so lame in my joints, in fact all over my body, that I could hardly hobble around, when I bought a bottle of Chamberlain's Pain Balm. From the first application I began to get well, and was cured and have worked steadily all the year.—R. WHEELER, Northwood, N. Y. For sale by C. W. Milhous.

For Stomach Troubles.

"I have taken a great many different medicines for stomach trouble and constipation," says Mrs. S. Geiger of Dunkerton, Iowa, "but never had as good results from any as from Chamberlain's Stomach & Liver Tablets." For sale by C. W. Milhous.

WITH ONE VOICE.

Seymour People Who Have Investigated are a United on the Subject.

The voice of the people is heard all over the land. Trumpet notes of truth bounded from east to west. Seymour has joined the throng. Many a citizen lifts his voice in praise. Enthusiastic people everywhere, backs relieved of heavy burdens, nights of suffering, days of misery, become nights of rest and days of joy. It's the constant working of Doan's Kidney Pills. Are these reports all true? Here's a Seymour man; ask him his opinion.

Mr. William Zickler, of Poplar Street, insurance agent, says: "I can recommend Doan's Kidney Pills, sold at C. W. Milhous' drug store. I suffered from pain over my hips and sometimes in the upper part of my shoulder. A very short course of the treatment with Doan's Kidney Pills banished the pain across my kidneys and up to date there has been no recurrence. I was told by my physician that the trouble was owing to uric acid in my system but since taking Doan's Kidney Pills I think I am about rid of it. They were positive in ridding me of the backache and regulating the action of the kidney secretions."

For sale by all dealers, price 50c. Posters-Milburn Co., Buffalo, N. Y. sole agents for the U. S. Remember the Doan's and take no other.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

BEVERIDGE TALKS

Indiana Senator Guest of the Union League Club Today.

Indianapolis, Feb. 22.—The fact that Senator Beveridge left Washington during the close of the debate on the Philippine tariff bill has occasioned a little comment here owing to the prominent part he has taken in matters pertaining to the policy of this country toward the islands, but it is announced that he is paired with Senator Clark, so it will be unnecessary for him to be present to vote. He made an address before the Union League club of Chicago this afternoon at its annual Washington's Birthday celebration, and tonight he will be one of the guests of honor at the club's banquet. He will respond to a toast on "The President of the United States," and there was much speculation today among politicians as to what he would say in view of the close relations existing between him and the chief executive. It is considered an honor to be the speaker of the day at the Union League celebration of Washington's Birthday, as on this date it has been addressed by such men as the late Presidents McKinley and Harrison, Bishop Ireland, former President Cleveland and President Roosevelt. Senator Beveridge will return to this city Monday and will leave for Washington Wednesday or Thursday.

Eggs are high here. They are entirely out of sight so far as the middle classes are concerned, as they sold today for 5 cents apiece. At that figure the dealers did not seem anxious to sell. The prevailing price was 50 cents a dozen, but the average customer did not care to invest that amount and take the risk, so they bought two, three or half a dozen at a time. The dealers sold six for a quarter, but they asked 20 cents for four. The hotel and restaurant men have been hard hit. They say they are losing money every day. The price, 50 cents a dozen, is almost a record breaker here, and is attributed to the long and unbroken cold spell. The only consolation the dealers give to their customers is that in some of the Eastern cities eggs are selling as high as 90 cents a dozen.

Auditor of State Hart, a close student of insurance matters, says it is imperative with insurance companies owing to the succession of heavy losses recently, that rates be raised throughout the country. So far this year statistics show the average daily loss to have been near \$650,000, which breaks all records. At this rate the total loss for the year would reach about \$235,000,000, which would bankrupt more than half the largest companies if there is not an advance of rates. It would not be surprising if there is a general advance of 25 per cent within the next few weeks. Mr. Hart says so far the Indiana companies have been singularly free from heavy loss.

The executive committee of the Republican Editors' association will meet here Monday afternoon with Chairman Goodrich and Secretary Whitaker of the state committee for the purpose of discussing the part the newspapers will take in the campaign. The editors' executive committee will later act with the executive committee of the state organization in conducting a "campaign of education" through the columns of the country newspapers. The first installment of Republican doctrine it is understood is to be sent out within the next month.

The Populist state committee met at the Hotel English here today. There were about a dozen in attendance who have taken a prominent part in third party movements for the last 20 years. Arrangements were made for representation from this state at the national conference of the third party men at Louisville, Ky., the first week in April, when an effort will be made to start a new party out of the remnants of the fusionists. It was announced today that the Populists would put a state ticket in the field.

A BIT OF WEATHER

Its Influence Had a Marked Effect On Trade.

New York, Feb. 22.—Bradstreet's weekly review of trade today says: Midwinter conditions have ruled throughout a large area, with the natural effect of checking mercantile operations and hampering the movement of general merchandise and of the products of industry. Country products, particularly eggs, butter and cheese, have continued their upward flight, the highest prices for three years being reached in the first named, while the cereals have remained quite steady, due largely to better export inquiry for wheat, offsetting the natural growth of bearishness induced by the culmination of the late rise. Specially good reports come from the jobbers of the West and Northwest, but it is to be noted that Eastern dry goods dealers have booked a large business, limited only in cotton goods by the unwillingness of sellers to commit themselves heavily, even at the present advanced prices.

Verdict of Acquittal.

Valparaiso, Ind., Feb. 22.—After a bitter fight of two weeks in the Lake circuit court, the sensational Davidson murder trial ended yesterday afternoon in a verdict of acquittal for the three defendants, Michael Curtin, Robert Fleming and Roy Sowards.

Killed By Falling Tree.

Evansville, Ind., Feb. 22.—Henry Seebode, near Eberfeld, while cutting timber, was killed by a falling tree.

All the fire insurance companies doing business in this country have about agreed on an increase of 25 per cent. in insurance rates claiming that they are unable to make any money on the present basis.

Start Girls Right!

Many beautiful girls become invalids for life, because at the crucial period of puberty they pay no attention to the laws of health. Mothers should protect their daughters' health by giving them necessary information and proper treatment. When the menses come on a girl unawares in her inexperience she is either frightened into convulsions, or scared into trying to check the flow. Many girls have checked the flow and it has never started again. And as a result they have grown pale-faced, with "crow-tracks" on their cheeks, and dark hal-moons under their eyes. A dose of

WINE OF CARDUI

taken every morning after a girl is twelve years old will bring the menses on properly and keep them regular. It will help her to develop into attractive womanhood and equip her for the duties of wife and motherhood. All druggists sell \$1.00 bottles of Wine of Cardui.

The Hollywood, Asbury Park, N. J., February 2, 1900.

I read your advertisement in regard to Wine of Cardui in the Baltimore American, and it so favorably impressed me that on my visit to Baltimore during the holidays I purchased a bottle of it for my adopted daughter, who was suffering with female troubles. She had been under the doctor's care for some time, and when her period would come on her suffering was something terrible. I induced her to try it and the first dose brought on her thing regular. She took it regularly according to the directions, and was greatly relieved. To use her own words, "It saved my life." J. WESLEY CROSS.
